Michael C. Lewis is reviewed by Cashbox Magazine

Review By: Christopher Llewellyn Adams

Jazz Reviewed 6/22/10

Michael C. Lewis

Reflection

Mix modern jazz with some vintage soul and you'll approach the feeling behind "Reflection," the latest album from Michael C. Lewis. A pleasure to the ears and mind alike, this album is tailor made for a nationwide tour of jazz clubs and better coffee houses.

Showcasing skills to mirror early Miles Davis, Michael C. Lewis is both a student and prophet, clearly showing his passion for the greats while paving the way for future stars to follow in. Any time you reach an album's closing notes yearning for more, it's a good thing, and I've already added his name to my watch list so I can grab whatever comes next.

Of all the songs on "Reflection," "Miles To Go" stands out as the best. A smooth blend of easy on the ears, it will take you back to the days when life was a little simpler, the sun shone a little brighter, and finding songs on the radio worth listening to was a whole lot easier.

Make a quick score with any jazz fan on your shopping list by grabbing a copy of "Reflection" today. The extra smiles come at no charge.
